

## PRESIDENT'S MESSAGE

*Providing Individual Care  
In a Comfortable,  
Secure Environment*

*Welcome to Groves Assisted Living!*

Caring for our seniors is one of the most challenging and rewarding jobs anyone can undertake. I am proud of our outstanding reputation for providing exceptional, individual care. Family members, friends and professional associates consistently compliment our staff on their dedication to loving and compassionate care for each Groves resident. I am determined to maintain these high standards of care.

I invite you to visit our homes and experience the pleasant, comfortable and secure atmosphere of The Groves Assisted Living.

Art Flagg  
*President/Owner*

## *Groves Services*

We recognize that resident care levels differ and evolve over time. Therefore, we place each resident in a home atmosphere that is appropriate for their specialized needs, and we regularly evaluate our residents to ensure that they continue to receive appropriate care.

Each Groves care home is fully licensed and all caregivers are certified in supervisory, personal and directed care. All caregivers are First Aid and CPR trained and each caregiver completes annual continuing education classes to improve their caregiving skills.

## *Groves Difference*

From the beginning, The Groves has been in the forefront of the residential care industry in Tucson. All Groves care homes were designed and built specifically for residential care. Our open floor plans, with wide hallways and accessible bathroom facilities are well suited for the care of our residents. Each Groves campus is fully secured and gate controlled allowing residents freedom to enjoy the outdoor environment. Each home is overseen by an experienced, hands-on manager and a dedicated staff, most of whom have been with The Groves for many of the 16 years that we have been in business. Simply said, The Groves provides an ideal living environment for those who can no longer live independently.
